

What is your overall opinion of this course?

From a pedagogical point of view, the teacher was:

	Comments or suggestions
Microeconomics 3	Keep up the good work.
Microeconomics 3	Negative point: - few tests (November) exam and last exam(January). I think we need to train on the previous exams because there is always a difference between tutorial class and exam. Positive points: - Teacher was very available to respond to our questions even by e-mail - Good management of the time: example we finished early many times
Microeconomics 3	
Microeconomics 3	Lectures and tutorials were very interesting and well taught by an amazing teacher !
Microeconomics 3	
Microeconomics 3	
Microeconomics 3	The class was very good and one of the best we had this semester.
